I just wanted to take a moment to drop you a note. I apologize for it being typed, but after 40 years of grading students test and papers, my handwriting is starting to look as bad as theirs.

Thank you so much for our masks, I personally chose one with bright greens and pinks and another burnt orange and brown checkerboard. My daughter, a student at Connors, chose a more elegant black on black. They are all so nice, it was hard to choose. The store bought mask are impersonal and have no feeling, while yours were made by hand and with a touch of love. Thank you again for thinking of us, in this crazy time it is greatly appreciated!
